10. Brian Brooks, Director of Village of Progress, was present to thank the OHS boys' and girls' soccer team for their assistance with the Village of Progress car wash. He commended the ladies and gentlemen for volunteering and commended the district for instilling in the students community service. Present were the soccer coaches Mr. Larson and Mrs. Rufer along with members of the soccer team.
11. Oregon Elementary Writing Committee presented to the board. Presenters were Dr. Reed-Houck and Mrs. Himert. The point is to create writing benchmarks for grades K – 6. These benchmarks show teachers what student writing should look like for each grade at the end of the year. Writing exemplars include common core samples. Issue with the common core exemplars is that most are not written at one point in time and may have the assistance of an adult. The team wants examples that are written at one moment in time with no adult assistance to see where the student truly is in their writing skills. Dr. Reed-Houck and Mrs. Himert provided writing prompts to all writing teachers at OES. The samples were of students who were on reading level at end of the year. The team used Lucy Calkins rubrics to assess writing for the final exemplars selected. Calkins rubrics provide clear goals, norm expectations across the grade levels, and establish grade level curriculums in writing. Daily writing by students produces tremendous growth. However, there is some loss in skills with summer break. Next steps for the committee include narrative exemplar booklet, samples for informational/opinion writing and continued study and discussion groups.
12. Public comment:
 - Diana Stienmetz stood to thank the board for increasing new bus driver hourly rates to help the district recruit much needed drivers.
